Video Description:

Learn how to make amazing soy candles and add a piece of jewelry as a gift idea. The diamond candle, <http://www.diamondcandles.com>, cost \$25 per jar with the random probability of rings ranging from \$10 to \$5000 but it is rare to get a nice ring. It cost under \$10 to make the same large 21 ounce candle and add either affordable fun accessories or a must-have jewelry! I think adding a monogram necklace that are celebrity inspired or a jewelry your friends and family have been wanting will make the surprise worth waiting.

1 Pound Soy wax Candle Recipe with 9% Fragrance oil:

- Heat to 185 F to mix Fragrance Oil and Candle Dye together
- 16 oz or 8 Cups of Soy Wax
- 1.44 oz to 3 Tbsp of Candle Fragrance Oil
- Optional: Few Drops of Liquid Candle Dye
- Pour into heat safe containers at 100 to 125 F to prevent frosting, wet spots, or wax concaving appearance
- Cool for 24 Hours before Use
